Sunday 4th June – what a difference 300yds made

The lake session had to be pulled not long after this photo' was taken as the wind got up, but just look at what it was like on the sea. They certainly had quite a blast & seemingly all afloat had a great time despite having to sail up the river & leave the Sports at AYAC & the safety Boats on the Harbour Master's pontoons. The waiting parents had to ferry all the sailors back to the Centre where Lynda was doing a roaring trade in Hot Chocolates! Hats off to the parents who pitched in, struggling on the Beach & acting as a taxi service.

Wednesday 14th June what a beautiful evening- even 1st Timers went out on Toppers

Changing Rooms: there should be NO over 18s in the Boys/Girls Changing Rooms so would you "oldies" please use the Adult facilities &, would any parent who has to assist their youngster to get in & out of their wetsuits etc. do so, as well & before 0930 so the rooms are free for the Adults to change.

A Gentle Reminder about Membership Subscriptions if you haven't already paid (a figure in excess of £2.6k is outstanding), please could you try to pay 50% by the end of June & the balance by the end of September. The Centre will soon be having to pay out something in the region of £5k for Insurance, expensive but essential.

Once the old fencing is removed funds will be needed towards the costs involved in rearranging the Meeting room etc. & that cost will down to the Centre, not the Council/Developers.

Which neatly leads on to asking all families to look out for general maintenance jobs that need doing on a regular basis & offer your services. respond to the appeals for help – cutting the grass is 1 of the biggest and sadly nobody responded to the last appeal. Arun Youth Aqua Centre is an entirely voluntarily run body. It is a condition of Membership that the parent/s of members assist with the beach rota and in whatever other way they can contribute to the safe and effective working of the Centre
