Sunday 23rd

From the oldest & youngest in the sun on the lake to the inbetweeners facing tougher conditions at sea. Thanks to all who helped out on the beach to ensure that everybody got ashore safely.

Note the capsized dinghy & I hear the Valient had a little "wobble" but sadly no pictures

Still chasing up Subs

50% by "week before last" & balance by the end of September please, unless other arrangements have been agreed. The reason for this is that a sum in excess of £4k will be going out soon to cover the Centre's Insurance & 1k minimum to replace tractor tyres which will leave the Centre's Funds very low. There is currently £1k+ outstanding so please settle up within the next couple of weeks.

Beach Duty Rota up until the end of the Season will be out soon after this News Sheet has been emailed & just a reminder that having this help ashore is essential so, if you can't manage the date you've been put down for please try your hardest to arrange a swap don't just not up
