Sunday morning would be good....

Sunday 28th May saw a low tide & light winds at sea so Toppers were the boat of the day, a bit of a challenge as the aim of the morning was to sharpen up starting skills. It was a bit of a drift on the Lake where the Oppie sailors were perfecting their tacking skills with mini races round a couple of buoys, and all went well.

Same Day Same Area – How Different the Weather

Changes to the "kitchen area" in the Meeting Room are very nearly finished, thanks to sterling efforts by Nigel, Rob & Roger,

just little fiddly sorting out jobs left. Firstly, getting everything back into the new(er) units. If you have left anything behind after a special "do" please reclaim it.

WSS&YSA Topper Travellers -Starts on Saturday 10th June at West Wittering SC., then 25th at CYC followed by races on July 1st, 16th, 30th July Felpham, YAC & AYC respectively. If interested in taking part in this series contact Mike Wattam whose details are on the Programme, available on the Web Site.

Welcome to all new Members – we hope you'll all enjoy sailing at the Centre & being part of the friendly bunch that is the Aqua Centre.

NEXT BIG SOCIAL EVENT – RUBY ANNIVERSAR on JULY 2nd so with all Centre Members & their families as well as as many former Members we can track down what's the chance of getting 40 craft on the water? Offers of help afloat & ashore will be more than welcome if not essential – if everyone could take along a plate of food (bit like the AGM but a bit more substantial) savoury items such as quiches, scotch eggs, sausage rolls, salads, cakes & desserts etc. & just offering to make to just making mugs of tea/coffee/hot chocolate! Ooops I nearly forgot the washing up, so you can see there'll be jobs for everybody.
